

ACCREDITATION REPORT

Camping Association of NS & PEI

May 26, 2022

Submitted by Amelia Campbell

Accreditation was on the quiet side this past year do to Covid. In 2020-21 season the committee had added an additional year to Accreditation because most camp did not operate. A good number of camps did not run again in 2021 or had a scaled down version of their regular season. Since there were only 3 camps due for Accreditation in March 2022 and Covid was still running rapid this spring, we decided to leave their Accreditations until March 2023. There will be several camps to Accredite this coming year and we will send a reminder out to those camps this fall. Please take time to become familiar with the newest Accreditation Standards, they are posted on the CANSPEI website <https://www.canspei.ca/> We hope you all have a wonderful summer camping.
